Our Mission

**To engage in people's lives by offering
 education, advocacy, and guidance to
 children, youth and their families, while
 providing and promoting a safe, stable
 environment.**

Livingston Family Center is celebrating its 14th **Howard Majtyka Blind Squirrel Outing** at Hawk Meadows Golf Course located at 410 E. Marr Road in Howell.

The outing memorializes one of our dedicated past employees, Howard Majtyka, who devoted his career to protecting and serving youth and families.

This year's outing promises to be another fun day of golfing, prizes, and celebration. All proceeds for the event will benefit the programs of the Livingston Family Center including outpatient counseling services, emergency youth shelter, transitional housing, street outreach and education, and supervised visitation.

At Livingston Family Center, we work every day to build positive relationships between youth, their families, and their community. We are proud of our collaboration efforts to assist partner agencies in building a healthy community for families to grow.

Within the past year, Livingston Family Center:

- Provided over 6000 hours of counseling to children, adolescents, adults, and families
- Facilitated supervised visitation and assistance to 28 families affected by domestic violence
- Provided emergency shelter to 33 homeless and at-risk youth ages 11-21
- Fielded over 500 calls from youth and families in crisis
- Provided life skills training to 54 youth transitioning into adulthood.
